MANAGER: Tina, could you **assist** these customers please?

SERVER: Sure, but afterwards I will be **taking** my lunch break.

MANAGER: No problem. Have the tables already been **set** with the proper **utensils**?

SERVER: Before I leave I will **make** sure. There are some customers who have been **waiting** for that table.

MANAGER: Excellent! You are a great **server**. Here, let me get that **booster** seat for you.
